Non-traditional group organizes

A new campus organization will meet for the first time from 8-9 a.m. and noon-1 p.m. tomorrow (March 6) in the Student Lounge.

The group plans to provide information and fellowship for persons belatedly beginning or continuing their education. Adoption of a constitution and nomination of officers are scheduled.

Student Activities Director Billy Jack Doggett has approved the group as an official campus organization. Sociology instructor Linda Watkins is faculty advisor.

Tentatively named Students With A Purpose, the organization is being coordinated by sophomore Joan Mayne and freshman Mildred Moseley.

"Our main aim is to promote the excellent facilities available at TJC for adults who want to further their education," Moseley said. "We want to give a voice to those students who may not feel they fit in with other campus organizations."

Moseley stressed however, membership is not limited to one age group, one interest or one major.

"Alumni are encouraged to help us promote TJC within the community," she added.

Because many of us have job and family responsibilities, membership will not require a lot of time spent in meetings," she said.

Committee considers 'pep rally' period

The Student Senate Advisory Committee has discussed the feasibility of a 30-minute activity period Tuesdays and Thursdays next year. The period would be used for pep rallies, club meet-

2500 expected to attend annual Career Day events

More than 2,500 students, faculty members and consultants are expected to attend TJC's March 13 Career Day. Seniors from area high schools are invited to the 8:30 a.m.-1:15 p.m. event.

Highlights include two 30-minute career counseling sessions, a free lunch, an entertainment program, a section on financial aid and tours of the campus.

TJC classes will be dismissed for the day.

Students may attend two separate counseling sessions. Session No. 1 from 10:35 to 11:05 a.m.; session No. 2 is from 11:10 to

11:40 a.m. Students should study the agenda before coming to decide which meetings they wish to attend.

Registration will be from 8:30 to 9:50 a.m. in the Student Center. Tours of the campus will originate from the center during the same period. A general session will begin at 10 a.m. in Wagstaff Gym.

Free lunch will be served at 11:40 a.m. in the Gym. "College Capers," a variety show at 12:30 p.m. in the Gym, will complete the day's activities. The Apache Band, Belles and Harmony and Understanding will perform.

Senate announces 'state of emergency'

President Jeff Clark has declared the Student Senate to be in a two week "state of emergency."

In the Student Senate's Feb. 24 meeting, officers and the Advisory Committee announced "a comprehensive plan to better our student government and student interest," Clark said.

"Unquestioned leaders in junior college student government are Henderson County, Kilgore, and Wharton," Clark said.

"They are not any bigger and they don't have any bigger resources," Clark added with concern. "They just try a lot harder."

In a meeting with Henderson County officers Feb. 23, Clark discovered that their Senate is the organization on campus.

They work very closely and successfully with the administration, faculty and other organizations and their powers and accomplishments are far-reaching, Clark said.

"Students here have the same opportunity but it isn't always used."

"We have the resources—good people, good facilities. All that's lacking is action."

"We are, in terms of student needs, in a depression. We must make the Student Senate responsive to student needs," Clark said.

Restructured committees have been designed to remedy the current situation and will be working on these problems for the next two weeks.

The new Senate committees, representatives who have already volunteered their services and total number of volunteers needed are:

- Finance-Executive Council
- Senate Services-Executive Council

- Teepee (needs 4 members)-Tau Kappa, Advisory Committee
- Student Life (10)-Advisory Committee, TJC News
- Faculty Relations (4)-Pikes, Cheerleaders, ATOs

- Blood Drive (5)-San Souci, Pike 'Li'l Sis,' TESN
- Field Day (10)-San Souci, Recreational Leadership, P.E. Majors, BSU, Advisory Committee, Zetas, TJC News

- Buck Out (10)-Claridge, Center, Zetas, Rodeo Club, TJC News
- Organizational Relations (4)-BSU

- Bible Chair (1 per chair)-Tri C, BSU
- Public Information (2)-TJC News

- Dorm Council (1 per dorm)-Holly Hall

Clark asked each Senate member to join at least one of these committees and to strive to involve other students in student government.

In other actions, the Senate:

- voted that amendments to the Student Constitution may be ap-

proved by majority vote of either the Senate or the general election, and that an organization and its members may contribute a maximum of \$50 to any one candidate's campaign. Candidates are required to submit a full record of all contributions to the Student Activities office by 4 p.m. the day after elections.

• requested that the Faculty Senate add two non-voting seats to be occupied by students.

• elected new officers to vacant posts. Debbie Dickerson is sophomore vice president and Diane Arada is sophomore secretary, Scott Cline is freshman vice president and Terry Adams is freshman secretary.

• announced proposed constitutional changes to be voted on March 11. (see related article.)

Las Vegas Night will be March 9 or 10, depending on the basketball team's results.

An election assembly will be held March 11 in Wagstaff Gym. Clark encourages all persons to attend.

Senate offers changes

Proposed amendments for the Student Constitution to be voted on March 11 are listed below. Student Senate President Jeff Clark encourages all students to become aware of these and vote intelligently.

Add to Article III-Section 1: "In the fall each year a total of 10 sophomores and 10 freshmen, meeting all eligibility requirements, shall be elected at large to make up 20 seats on the Student Senate. The 10 sophomores and 10 freshmen who receive the highest number of votes from their respective classes shall assume their duties upon the next regularly scheduled Senate meeting."

"The Student Senate president shall be the chief planner of the Student Senate."

"The Student Senate shall have full power and responsibility to enforce all Senate laws and policies."

"Organizational activities may not be scheduled in conflict with Senate or college-sponsored activities unless they are announced before the Senate or college activities or they are personally approved by the Student Activities Office. Violation will result in disciplinary action by the Student Senate."

"All officers elected in spring election shall be sworn in no later than the last regular day of classes in the spring semester, as determined by the reigning Student Senate president. At such time, new officers will be required to submit written certification from all instructors as to Senate qualifications being met."

"The Student Senate president may, with the Student Activities Office's approval, make special executive acts governing the administration and carrying out of Student Senate policy. These acts may be reviewed, amended or abolished by simple majority of the Student Senate."

"All organizations will have no less than one faculty advisor to qualify for on-campus standing."

"No hazing of any type will be permitted, both on or off campus, by on-campus organizations—as monitored and enforced by the Student Senate."

"The Senate shall define hazing as: 'Any action taken or situation created, intentionally on or off campus, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. This includes wearing publicly apparel which is conspicuous and normally not in good taste; engaging in public or private buffoonery, morally degrading or humiliating games and activities; late work or meeting sessions which interfere with scholastic activities and any other activities which are not consistent with Tyler Junior College policy or the laws governing the State of Texas.'

After actions are confirmed, the maximum penalty of losing campus rank, losing the charter and/or legal action pending administrative ruling may result.

"All judicial decisions should be made in accordance with the Constitution of the United States."

"Any Senate officer may be impeached for reasons of incompetence or excessive absence by a three-fourths vote of the Senate or 10 percent of the registered daytime students. Failure to maintain qualifications of office will result in automatic termination."

Part-time reporters cope with pressures

Phones ringing. The neurotic pecking of typewriters. Pressuring deadlines. Sound frustrating? Not for two enthusiastic journalism majors.

Sophomore Lance Watson and freshman Kevin Gore are new part-time reporters for the Tyler Morning-Telegraph sports staff.

"They needed a couple of people to help out with high school and junior college football and basketball stories around East Texas," Watson said, "and we've both played sports all our lives."

"The coaches call in players' names and details of the games," Gore explained, "and we type our stories from their information."

Even though the job "took some getting used to," Watson said, the atmosphere is "real casual" among members of the staff.

"They really make you feel at home," Gore added.

But meeting those deadlines is "pretty hectic. You've always got that clock on the

wall behind you," 19-year-old Gore said.

"But it's not monotonous," Watson said. "It's first-hand information. We get to read the paper before it comes out the next day to the public," the 20-year-old Watson said.

Both journalism majors agree their experience at TJC has helped them adjust to their working responsibilities. Writing part-time for a daily newspaper is something other journalism majors should think about while they are still in college, they agree.

"It would cure any doubts you might have about whether to keep going in journalism," Gore said.

These two say they definitely want to pursue journalism careers. Working three nights a week from 8-11 p.m. on the Tyler Morning-Telegraph puts a slight dent in their night life, Watson said, but "it's worth it."

CTR aids job search

Job opportunities from cooks to accountants await students from three sources coordinated by the counseling office.

“Any student who really wants a job can find one,” says counselor Alan Barnes.

Job openings are listed on the CRT computer as well as in a job folder. Salary, hours, requirements and responsibilities are listed for both full-time and part-time positions.

“We get calls almost daily from employers who want a student to fill a job opening. Most are willing to work around a student’s class schedule,” Barnes said.

In addition to these listings Texas Employment Commission sends the coun-

seling office a weekly list of openings on file at their office.

Ten categories cover professional managerial positions, clerical sales, service occupations, farming, fishing and forestry, machine trades, bench work, construction, welding and equipment operators, transportation, packing and warehouse work, part-time jobs and trainee orders.

Salaries range from minimum wage for part-time service jobs to \$35,000 a year for full-time positions in the technology field.

The technology department also has its own placement office where company representatives frequently conduct interviews.

Dental hygiene provides treatment

Away from home with nowhere to go to get your teeth cleaned? Not so, says Dr. Norman Hoot, director of the Dental Hygiene Program. Students can get their teeth cleaned, x-rayed and have a fluoride treatment at no charge in the clinic in George Pirtle Technology Building.

Students can make appointments five days a week. Appointment hours are 8, 10, 1 and 3, Monday through Friday. The phone number to set up the appointment is 597-8841.

Anyone who is not a student or instructor can also make an appointment for a nominal charge of \$4.

The Dental Hygiene program which began in September 2, 1969 takes 28 students each year for the specialized study. Students must apply separately from the rest of the student body attending TJC, Hoot said.

Applicants should have a high B+ average in high school and be prepared for some rigorous studies in chemistry, anatomy and microbiology, in addition to regular dental hygiene courses.

Hoot recommended that anyone interested in the program would enhance their chances of acceptance by taking the science courses at college level before applying.

Prospective students should have a genuine feeling for the patients, he said, and be sympathetic and understanding. Also they should make the patients feel at ease.

"The field is wide open and pays well," Hoot continued. TJC graduates are accepted anywhere, although they must pass a State Board in the state they plan to work in, he explained.

Students start accepting patients the second semester of their

studies. They have no set number of patients to complete before graduation. Each case is individual and a patient may have to return several times before the treatment is completed.

Students also give oral hygiene lectures to the schools in the Tyler Independent School District. They instruct the students how to brush and floss properly.

Pilot course aids aviators

Ground school for persons interested in getting a pilot's license is being offered at TJC.

The course started Feb. 24 at 7 p.m. in Fine Arts Room 101, but students still enroll and attend the course, said instructor Harold Trimble.

Upon completion of the 12-week course, students will be awarded an FAA-approved certificate that will be valid for two years. With it the student may proceed to flight school.

The course costs \$25 plus about \$32 for the book. The GI bill

cannot be used for it, continuing education director Albert Baade said.

Trimble said, "This course will look good on an application for employment with a major com-

pany. Sometimes they want people with that something extra."

Trimble added, "Girls who plan to be stewardesses will find a ground school will add points when the airlines look at your application."

Cost of getting a full pilot's license is about \$30 per hour for 20 hours of dual flight (with an instructor) and \$20 per hour for 20 hours of solo flight, Trimble said.

Trimble received his pilot's license in 1945 and flew an O2A "Birdog" for the US Army during the Korean conflict.

Jump aids Heart Fund

A Jump-A-Thon was held Tuesday in Gentry Gym to raise

money for the American Heart Association.

TJC students, sponsored by P.E. Instructor Audrey Woods,

jumped rope through the hours of 5:30-9:30 p.m. in rotating teams of six.

Jump Rope for Heart is a nationwide event for students to

promote cardio-vascular fitness while raising funds for the Heart Association.

Prizes were awarded for the largest amount of pledge money turned in, although results were not available at press time.

Winners will be announced in the next issue of TJC News.

Voice instructor shows wide variety of talents

By MARNITA ATKERSON

TJC once had an organist who played at basketball games. That organist was music director at a Longview television station from 1951-54. He is multi-talented speech instructor Lawrence Birdsong.

Birdsong, who came to TJC in 1956, teaches Voice and Diction 123C, Radio and Television Broadcasting 123D, Introduction to Speech 113A, and Business and Professional Speech 223A.

Known on campus as a stickler for proper diction, Birdsong is often ridiculing East Texas speech. "A person is part of whatever he's in contact with," Birdsong said. "He can get into sloppy diction habits in a hurry if he isn't careful."

"Perfection takes time and it is unlikely that a person will have a perfect situation to draw from. He must consciously realize his problem and seek help. His diction can't be of the highest caliber unless he seeks guidance," Birdsong said.

Before coming to TJC Birdsong taught speech at Longview Junior High School.

Travel is Birdsong's most memorable experience. He and his mother have made seven trips to Europe to visit his sister, who is a harpist in an opera at Koblenz, Germany. "We see

something new each time we go," he said. "My sister drives us around and that way we get to see a lot more."

From listening to WFAA in Dallas Birdsong decided that he wanted to get into radio. He worked as program director at KLTJ in Longview where he broadcast organ music from his home and was program director and disc jockey at KTBB in Tyler.

"I find equal enjoyment in speech and music. I always knew that if I failed at one I could fall back on the other. I think the two fields complement each other. It was an opportune situation for me to start teaching at TJC and I felt it would be more secure than show business."

He got an organ for his home when he was 25 and taught private lessons. He was also deputy organist and choir master at the First Presbyterian Church in Kilgore from 1951-71.

"I'm hoping that we will be able to get a wired system on campus," Birdsong said, "whereby the dormitories would receive music, news and information about the college originating from campus programming."

"Some of my hobbies are doing tape recordings and using sound equipment, collecting records of all kinds and doing vocal diaries of my trips," Birdsong said.

It All Adds Up For You!

2 ...Years of junior college
+ 2 ...Years at The University of Texas at Tyler
4 ...Years and your degree!

The next step in your educational ascent is an important one. The University of Texas at Tyler invites you to take a close look into a plan called "2 plus 2." It's a new idea in higher education designed especially for you.

The "2 plus 2" plan offers a practical and rewarding path for the junior college student. It gives the opportunity to combine "two years" of junior college study with "two years" at The University of Texas at Tyler to complete your educational goals.

Junior college transfer students are "welcome at UT Tyler." The university enrolls undergraduate students in their final two years of bachelor's degree work. You will feel right at home at UT Tyler where all students are transfer students from accredited community/junior colleges and universities.

The University of Texas at Tyler

Ladies end season with 68-64 loss

A silent locker room, tear-streaked faces, dismal TJC fans and a roaring Men's Gym were the sight and sounds at the North Zone Ladies Tournament Feb. 25 at Athens. The Apache Ladies were handed their only loss of the tourney, 68-64, by the Lady Cardinals.

Rosie Aldridge, Barbara Archie and Katie Osten were selected to the All-Tournament Team.

Head Coach Herb Richardson's Ladies were on a see-saw most of the first half. Seven times in the half the scoreboard had even sides.

The Ladies were in foul trouble most of the game. Archie fouled out late in the second half with 12 points for the night.

With 1:57 left in the first half HCJC took the lead and it was their ball game from then on. The halftime score was 29-26.

"In the second half we came back cold and they came back hot. That's what made the difference in the game," said Richardson.

The second half was all HCJC. The Apache Ladies put up a good fight at the buzzer but it came much too late in the game.

Aldridge led the Ladies' scoring with 18 points. Archie added another 12 through the hoop.

The big difference in the game was the charity line. HCJC hit 24 from the line while TJC sank only two.

The loss ended the Ladies' season with a 25-5 record. HCJC, with a 23-8 record, moves on to play the winner of the South Zone Ladies Tournament.

Crew wins DU tourney

Curley's Crew overcame a 10-point second half deficit to defeat Stagner, 82-80, and capture first place Feb. 19-21 in the first annual Delta Upsilon charity basketball tournament.

Warrick Company took consolation by downing McDougal's.

"We're going to try to have the tournament every year," said DU President Richard Pharr.

Proceeds for the tournament went to the Association of Retarded Citizens Special Olympics.

Ladies finish year

The Texas Eastern Conference women's division was a three team race from start to finish.

TJC, Henderson County Junior College and Panola Junior College chased each other through 14 games with all three teams winding up with 12-2 records.

Henderson County hopped out to a fast lead by winning their first 10 conference games before losing to TJC and Panola consecutively. They captured their second straight North Zone title with a 68-64 win over TJC in the finals.

TJC led the league with one

5 eliminated from action

In men's intramural only three teams remain to battle for the championship. Five teams have been eliminated due to two losses each. They are: West Hall, Mangled Baby Ducks, BSU, Delta Upsilon and the Indians.

The Tri-C Spurs knocked two teams out of play. They beat West Hall, 68-49, behind the shooting of Mike Hosea. Hal Anderson fired in 31 for West Hall. The Spurs then beat the Mangled Baby Ducks, 62-49. Hosea again led in scoring for the Spurs with 16. Kevin Gore had 28 for the Ducks.

BSU, Delta Upsilon and the Indians had been eliminated earlier.

In women's action the P.E. Majors continue to roll up wins.

The Majors accepted a forfeit by San Souci and knocked off Tau Kappa, 41-31.

TESN rolled over Tau Kappa, 30-16.

PDBs outlasted TESN, 30-16.

game to go but the Apache Ladies could not hold off a surging Panola squad and lost the last game of the season in Carthage. After gaining revenge in the North Zone Tournament first round, the Apache Ladies were ousted and their season ended in a loss to HCJC.

Panola's Fillies were the pace-setters entering the league race with a 12-1 record. After winning their first five conference games to run their record to 17-1, they were ambushed by Henderson County and Tyler. A first round loss in the North Zone Tournament to Tyler finished the Fillies' season with a 24-4 mark.

Kilgore was the best of the rest. The Lady Rangers were 7-7 in TEC play and qualified for the North Zone Tourney as the fourth place team but they were never a match for the three titans. After losing to Henderson County in the first round of the North Zone Tournament, Kilgore took a 16-16 record home.

Navarro won only five conference games for fifth place.

Angelina, usually tough, shared sixth place in the TEC with young Lon Morris, each with four wins.

Apaches win tournament, face Blinn

TJC won the Region XIV North Zone Tournament Saturday with the largest dose of luck they've received in years.

The Tribe almost saw their season come to a close Friday when Kilgore's Artie McDuffie sank a 10-foot shot at the buzzer to give the Rangers an apparent 66-64 upset. The official scorer ruled the ball had not left McDuffie's hands before the final buzzer sounded, thus sending the game into overtime.

Tyler outscored the Rangers in OT 12-6 to pull away with a 76-70 win in the Texas Eastern Conference's most questionable game of the season.

In the finals Saturday, the

Tribe met Henderson County, a 59-54 winner over Lon Morris in the first round.

TJC jumped out to a 12-point lead over the Cardinals, but that dwindled to a 27-26 advantage at halftime.

The Apaches opened another big lead with about 10 minutes to go, but again the Redbirds rallied to lead 48-46 with six and a half minutes to play.

Tyler led 52-50 when HCJC's Pat Marshall sank a shot from the key to tie the contest for the final time. Marshall cost the Cardinals the tournament championship when he intentionally fouled sophomore Joe Turner of Tyler with only three seconds to go.

Turner missed the first of two shots but made the second for a 53-52 Apache lead.

The contest was not over, as TJC fans remembered from the night before. Three ticks remained on the clock when HCJC passed the ball in to Stan Cloudy, the tourney's most valuable player. Cloudy turned too quickly and the ball careened off his foot, giving the Apaches the ball and the North Zone championship.

TJC will take its 29-3 record to Brenham tonight for a duel with South Zone champion Blinn Buccaneers. Blinn defeated San Jacinto, 76-70, to run its record to 26-4 for the season.
